PREMATURE INFANTS AND THEIR FAMILIES

Our Mission

High Risk Hope® is a *for purpose* organization that provides support, encouragement, information, and resources to women and families who are experiencing a high risk pregnancy resulting in hospital bed rest, potential premature birth, and neonatal intensive care after delivery.

Dear High Risk Hope Family,

In 2019, High Risk Hope (HRH) supported nearly 2,000 families facing the most challenging time of their lives. 2019 also saw the delivery of the 10,000th HRH Bed Rest Basket/NICU Napsack to families hospitalized surrounding the premature birth of a child. These momentous milestones would not have been possible without the support of our incredible volunteers, donors, and HRH families.

A record number of volunteer hours were logged in 2019, with over 2,500 hours selflessly given to help make the lives of families easier during uncertain times. Volunteers ranged from a local bank branch that collected over 800 children's books to students dedicating volunteer time during their spring break to groups like Project Helping devoting time monthly to HRH.

Other milestones in 2019 include expanding our Bereavement Box program to all our hospitals and shipping HRH Bundles to hospitals in five different states. HRH accomplished all this thanks to over \$380,000 in cash and in-kind gifts given by our loyal community in 2019.

As the beginning months of 2020 have brought unprecedented change to our lives with the outbreak of the COVID-19 coronavirus, babies continue to be born too soon, women continue to be placed on hospital bed rest, and HRH continues to support the families who need us most. Your support helps us strive toward our goal to reach every woman and family needing our programs. Thank you for your loyalty and for truly making a difference in the lives of thousands of families each year.

Sincerely,

Heather Barrow
Founder and Board Chair

Bailey Nicholas
Executive Director

HIGH RISK HOPE HIGHLIGHTS

Jersey Mike's Subs Month of Giving

HRH was the Jersey Mike's Subs 2019 Month of Giving partner for 37 West Central Florida locations. Thanks to this community and our Jersey Mike's Subs restaurant owners, HRH received a record \$120,559 from the 2019 Month of Giving!

Mission 37

HRH raised over \$42,000 in the spring of 2019 when our amazing HRH supporters joined a top-secret mission: #Mission 37. The mission: raise over \$37,000 to support women staying pregnant to 37 weeks, which is considered full-term. Mission accomplished!

HRH Calendar

The sixth annual HRH Calendar contest was a huge success! Dozens of babies entered, and over 6,900 votes were tallied to select the HRH preemies featured in this year's calendar which will be delivered to over 2,000 families in 2020.

Tot Trot

HRH's seventh annual Tot Trot presented by Jersey Mike's Subs was held in November during Prematurity Awareness Month. 600+ Tot Trotters walked, ran, and strolled down the Miracle Mile, helping to raise over \$83,000.

Bundles Across the Country

HRH's Bed Rest Bundle and NICU Baby Bundle programs were designed with the ultimate goal of encouraging families both before and after the birth of a premature infant. In 2019, HRH shipped bundles to Orange County, CA; Phoenix, AZ; Dallas, TX; Ocala, FL; and Indianapolis, IN. Smaller and much easier to ship, HRH Bundles help support families across the country.

Volunteers

HRH could not support 2,000 families per year without hundreds of dedicated volunteers. Volunteers assist with everything from hospital bag deliveries, bag assemblies and knitting blankets to assisting in events. HRH received over 2,500 hours of volunteer service in 2019, which includes over 120 hours of service from Utica College of Nursing students through a partnership with HRH.

DONOR LIST

High Risk Hope extends our deepest gratitude to these generous donors who are committed to making a difference in the lives of the tiniest and most vulnerable newborns.

BENEFACTORS (\$20,000+)

HRH PREEMIE HENRY LUKSIK

BORN OCTOBER 22, 2014 AT 33 WEEKS

Henry was born over six weeks early due to his mom developing preeclampsia. After a routine doctor's appointment showed severe preeclampsia, Henry's mom was sent to triage at Tampa General Hospital and admitted. Two days later, she was released under light bed rest with instructions to monitor her blood pressure. Her blood pressure increased even higher, and two days later she was back in the hospital. She was induced, but Henry's heart rate dropped and he was born via emergency c-section. Henry spent twelve days in the neonatal intensive care unit (NICU) for jaundice, but otherwise was very healthy. He was eating and breathing on his own. Today, Henry is a healthy and brilliantly smart five-year-old who loves every book he reads.

"When Henry was born and in the NICU we had never heard of High Risk Hope before. It was not until we received the NICU Napsack in our room that we heard about this incredible organization. It was so nice to receive the bag of such relevant and amazing gifts during this extremely emotional time. This small token made us feel important and special as we were now facing the hurdles of this new and uncharted territory. I did not feel so alone anymore. Our favorite gift in the bag was the book. We had not planned for our son to be born so early so we did not have anything prepared. We loved reading to him in the NICU....We absolutely love High Risk Hope. Receiving the bags and having the simplest reassurances that you are supported and cared for means the world. Having a baby early is never easy, especially when you don't get to go home with your baby, but knowing that you are not alone makes you feel like you too can overcome this hurdle."

- Laura, Henry's Mom
